P. K. KAPRE,
Deputy Secretary,
523 Union Public Service Commission.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

Certain instances have come to the notice of Government in which by infringing the Trade Marks of manufacturers of well-known products, spurious goods are being pushed into the market for sale as genuine goods. As a result, the interests of manufacturers of these well-known products are jeopardised by loss due to such imitation and infringement. The public are also being duped by the sale of spurious goods. It is, therefore, considered necessary to check the sale of spurious goods by taking suitable action against offenders under the existing law.

The sale of spurious goods under false Trade Marks or in containers of the original manufacturers is punishable as an offence of cheating under Section 420 of the I.P.C. Manufacturers of spurious goods, printers of false labels and collectors of the empty containers of well-known brands are thus liable under this section as abettors. Persons who display spurious goods in a shop with intent to sell will also be similarly liable as abettors.

As the offence of cheating under Section 420 of the Indian Penal Code is a cognizable offence and in order to put down the traffic in spurious goods, necessary action will be taken by the Police under Section 157 of the Code of Criminal Procedure, 1898. Persons selling spurious goods, printers of false labels, etc., will be prosecuted for cheating or for abetment of cheating.

Manufacturers of and dealers in genuine goods and members of the public are requested to inform and assist the Police to take effective action in putting down the traffic in spurious goods.

(P.N. No. 3—9-4-1953).

Press Note.

AWARD OF ALL-INDIA CROP COMPETITION PRIZES AMONG FARMERS.

The Secretary, Indian Council of Agricultural Research, New Delhi, states that only the farmers who compete in the State Crop Competition and attain the maximum yield in the State would be entitled eventually also to be considered for the award of All-India Prizes. Individuals who grow crops other than those for which crop competitions are held in States are not entitled for enrolment for All-India Prizes, because such enrolment is determined in the light of recommendations from the States with regard to farmers who achieve the highest yield in crops in which competitons are held. Farmers who intend to compete for the award of All-India prizes are therefore requested to note this important condition of eligibility.

(P.N. No. 4—10-4-1953).

Press Note.

MYSORE MANURE MIXTURES QUALITY AND PRICE CONTROL ORDER, 1953.

The "Mysore Manure Mixtures Quality and Price Control Order, 1953" has been promulgated by the Government of Mysore to see that the manure dealers in the State, who deal in mixtures of manures and fertilizers guarantee the content of the different plant foods contained in a mixture and the price of such mixture is also fixed on the basis of the current value of plant foods contained in it, allowing the dealer a reasonable margin of profit for the trouble involved in mixing, bagging, and marketing these. The order is intended to prevent the sale by bogus firms of spurious materials which have little or no manurial value or sale of materials whose value is disproportionate to the price charged for them.

By this means, the raiyat of the State is assured that he pays the right price for the manure mixture meant for the proper crop. Provision is also made in the order for the test collection of samples from the stocks with manure dealers, for their analysis in the laboratory of the Agricultural Chemist. Penal provisions are also provided in the order for impermissible deviations from the guaranteed contents of the mixtures and the actual analytical results.

Press Note.

OORGAUM GOLD MINE CLOSURE COMMITTEE.

The Committee appointed by the Government of India to investigate into the closure of the Oorgaum Gold Mine held its first meeting at Crescent House, Bangalore, on the 20th April 1953.

The terms of reference of the Committee are as follows:—

"Liquidation of the Oorgaum Mine:—Causes leading to the present crisis: Whether the closure is inevitable or can be avoided or deferred; in the event of closure, recommendations in regard to rehabilitation of labour, compensation to labour and assignment of leases to the Champion Reef Mines."

It was decided to invite the views and opinions of the employees of the Mines and of their Associations and Unions in regard to the terms of reference.

The employees of the Oorgaum Gold Mines, their Associations and the Union of non-covenanted officials should submit their views, if any, in writing to the address of the Secretary noted below, on or before 11 A.M. on Thursday the 23rd April 1953.

"The Secretary,
Oorgaum Gold Mine Closure Committee,
Crescent House,
Bangalore-1."

(P. N. No. 6—20-4-53).

Press Note.

HEALTH OF LIVESTOCK IN MYSORE STATE DURING MARCH 1953.

During March 1953, altogether 176 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 143 villages during the previous month. The number of outbreaks was highest in Mysore, Hassan and Bangalore Districts, while Chikmagalur, Kolar and Chitaldrug Districts were least affected. These diseases accounted for 611 attacks of which 530 succumbed. The departmental staff conducted 26,752 preventive inoculations and vaccinations against all the above diseases exeept Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Diseases caused by internal parasites were reported from 124 vilages accounting for 35 deaths, as against 95 villages accounting for 24 deaths during the previous month. The special staff attached to the parasitic disease control units of the department dosed 9,331 animals, as against 8,123 animals during the previous month.

Fodder and water were generally available throughout the State.

(P. N. No. 7—20-4-53).

Press Note.

As a measure of relief to the atchkatdars who have suffered on account of failure of wet crops under the atchkats of the following five tanks in Thuruvekere Taluk,
